University of California, Berkeley

GENERAL SELF-ASSESSMENT FORM
for Administrative Areas

This self-assessment form should be used to document safety assessments in large office suites, areas with multiple cubicles, copy rooms, coffee rooms, and other common work areas. It should not be used for individual offices, nor for non-administrative areas such as shops, laboratories, and areas containing any hazardous materials. (See www.ehs.berkeley.edu for Office, Shop, and Laboratory forms.)

The university is required to perform and document self-assessments of all campus workspaces annually as part of Cal/OSHA’s requirement for an effective Injury and Illness Prevention Program (IIPP). Each department must assess its administrative workspaces annually using this GENERAL/ADMINISTRATIVE SELF-ASSESSMENT FORM or an equivalent. This form can assist you in identifying and correcting many unsafe practices and conditions. The unsafe practices and conditions identified on this form are prohibited by state laws or campus policies, or are generally considered to be unsafe workplace practices.

After completing the self-assessment form, share the results with your supervisor and Department Safety Committee. Correct identified deficiencies as soon as possible and document correction on the form by entering the "Date Completed." If you need assistance correcting conditions, or if you have any questions or concerns about safety in the workplace, contact your Department Safety Coordinator or the Office of Environment, Health & Safety (EH&S) at 642-3073. Keep the original self-assessment form on file in your department, so that it will be available should Cal/OSHA or campus oversight committees request it. EH&S will periodically check that your department has performed and documented general (administrative area) self-assessments.

This form was designed to help ensure compliance with Cal/OSHA regulations that require documented periodic assessments of all work areas as part of an effective IIPP. However, completion of this form and correction of any findings noted herein does not ensure that Cal/OSHA will not issue citations.

Completed copies of this form should be kept in department files for at least one year.
