54. Score

Public Comments: Facility Grade = A

Grade A - 90 to 100% (Generally superior in food handling practices and overall food facility maintenance).

Grade B - 80 to 89% (Generally good in food handling practices and overall food facility maintenance).

Grade C - 70 to 79% (Generally acceptable in food handling practices & overall general food facility maintenance).

Score - 0 to 69% (Poor in food handling practices and overall general food facility maintenance).

All food facilities that have a critical violation may be subject to closure regardless of the score received on the inspection report. Food facilities that score below seventy percent (70%) twice within a twelve (12) month period are subject to closure and further legal action.

When a facility is closed, a notice of closure will be posted on the entrance door that will state reason(s) for closure. The sign must remain posted until the facility is reopened by the inspector. Health permit will be suspended upon closure; re-inspection will be scheduled when violations are abated.
