### Reference ID

## Notes

---

A foodborne illness investigation was conducted on 09/26/2022 in response to an alleged food poisoning by an individual who drank oat sweet cream brew at Peet's Coffee located inside Brown's on the afternoon of 09/21/2022.

The allegations were discussed with the manager on site.

The following observations were made at the time of the investigation:

- 1) All potentially hazardous food (PHF) is being held at proper temperature of 41°F and below inside cold holding units.
- 2) Oat milk cartons have an expiration date of August 2023. As per staff, they go through approximately 30 cartons in a day. All milk cartons are refrigerated upon opening.
- 3) All coolers are functioning properly.
- 4) General sanitation of food storage in good condition.
- 5) No cross-contamination observed during food preparation.
- 6) Hand wash station is properly stocked with paper towels and soap. Hot water at hand wash station measured at 100°F and above.
- 7) Hot water at the 3-compartment warewash sink measured at 120°F. and above.
- 8) Proper handwashing techniques observed.
- 9) Food employees wearing clean uniforms and aprons.
- 10) All food contact surfaces are properly cleaned and sanitized. Sanitizer levels in buckets holding quaternary ammonia measured at 200ppm.
