Berkeley EH&S

Radiation User Information Form

Submit this completed form to **radsafety@berkeley.edu** to be entered into the Radiation Safety Information System (RSIS)

To be added to a specific Radiation Use Authorization (RUA), have your PI or Lab Contact complete and submit a **Radiation Use Authorization (RUA) Change Form** available to them on RSIS.

User Information:

Last name:	First name:	Date of Birth:
Department:	Email:	Phone:
What is your UC Berkeley affiliation? ◯ Current student ◯ Current faculty or staff member ◯ Other		Office location:
If you marked "Other", please explain your UC Berkeley affiliation (e.g., "employee of LBNL"):		

Statement of Education and Experience:

Education	Name of institution	Year	Degree
college			
college			
Post graduate			

Ionizing Radiation Experience	Note: You may only be added to an RUA after you have completed initial radiation safety training. Users working with materials will also need to complete on-boarding before being added.
Formal training: Describe past formal training with ionizing radiation:	
Ionizing radiation experience: Describe your experience with ionizing radiation. What radionuclides, sealed or unsealed form, amounts (mCi), types of radiation producing machines do you have experience working with? What was the time duration of that experience?:	

Certification:

Please certify by signing below that you:

- Are aware that the UC Berkeley Radiation Safety Manual is available online.
- Will or have read any applicable Standard Operating Procedure (SOP)'s for your planned Radioactive Materials work.
- Acknowledge that the RUA Holder has authority over your radiation use in the locations listed on the RUA.
