Notes

Facility was issued a score of 94% (Grade A) during a routine inspection conducted on 04/01/24.

Major/minor violations (Critical Risk Factors) directly relate to the transmission of foodborne illness. The presence of a major violation poses a health hazard and warrants immediate correction and may require closure of the food facility. These violations are numbered 1-23.

General Retail Practice violation means a violation of an approved practice that does not pose an imminent health hazard, but does warrant correction. These violations are numbered 24-48.

1a. Demonstration of knowledge

Public Comments: No violations observed at the time of the inspection.

Inspector: Muzna Rauf

Status: Compliant

1b. Food safety certification

Public Comments: Observed missing Food Safety Manager Certificate at facility.

Action Plan: California Retail Food Code §113947.3. (a) Food safety certification required pursuant to Section 113947.1 shall be achieved by successfully passing an examination from an accredited food protection manager certification organization. The certification organization shall be accredited by the American National Standards Institute as meeting the requirements of the Conference for Food Protection's "Standards for Accreditation of Food Protection Manager Certification Programs." Those food employees who successfully pass an approved certification examination shall be issued a certificate by the certifying organization. The issuance date for each original certificate issued pursuant to this section shall be the date when the individual successfully completes the examination. Certificates shall be valid for five years from the date of original issuance. Any replacement or duplicate certificate shall have as its expiration date the same expiration date that was on the original certificate. Correct within 60 days.

8. Time as public health control; procedures and records

Public Comments: Observed no TPHC logs or labels for milk/creamer being held at ambient temperature for customers at the self-serve station. If milk/creamer is not going to be held at 41 degrees or below then have it time marked with labels and dispose after 4 hours. Staff had labels made and placed at the time of the inspection.

Action Plan: California Retail Food Code §114000 (a) Except as specified in subdivision (b), if time only, rather than time in conjunction with temperature, is used as the public health control for a working supply of potentially hazardous food before cooking or for ready-to-eat potentially hazardous food that is displayed or held for service for immediate consumption, the following shall occur:

(1) The food shall be marked or otherwise identified to indicate the time that is four hours past the point in time when the food is removed from temperature control.

(2) The food shall be cooked and served, served if ready-to-eat, or discarded within four hours from the point in time when the food is removed from temperature control.

(3) The food in unmarked containers or packages or marked to exceed a four-hour limit shall be discarded.

(4) Written procedures shall be maintained in the food facility and made available to the enforcement agency upon request, that ensure compliance with this section and Section 114002, for food that is prepared, cooked, and refrigerated before time is used as a public health control.

Maintain accurate record log of each food item under TPHC to indicate discard time prior to placing items for service.

Inspection Score *

54. Score

Public Comments: Facility Grade = A

Grade A - 90 to 100% (Generally superior in food handling practices and overall food facility maintenance).

Grade B - 80 to 89% (Generally good in food handling practices and overall food facility maintenance).

Grade C - 70 to 79% (Generally acceptable in food handling practices & overall general food facility maintenance).

Score - 0 to 69% (Poor in food handling practices and overall general food facility maintenance).

All food facilities that have a critical violation may be subject to closure regardless of the score received on the inspection report. Food facilities that score below seventy percent (70%) twice within a twelve (12) month period are subject to closure and further legal action.

When a facility is closed, a notice of closure will be posted on the entrance door that will state reason(s) for closure. The sign must remain posted until the facility is reopened by the inspector. Health permit will be suspended upon closure; re-inspection will be scheduled when violations are abated.
